Self-Help Enterprises Emergency Services Program

SHE's Emergency Services Team and the State of California have and will continue to collaborate in order to provide individuals, families and communities resources that will ensure safety, security, and drinking water during sensitive and urgent situations.

WATER QUALITY RESOURCES

Available to residents of the San Joaquin Valley.

Service calls to assess and record the following:

- * Water contamination
- * Well quality
- * Depth of well
- * Depth of water
- * Depth of pump

Water Resources available to residents include; Point of Entry (POE), Point of Use (POU) water filtration devices, education on water well operation, well maintenance, importance of safe drinking water, water conservation, and the importance of ongoing water sampling.
