

Free virtual workshop!

COVER CROPPING FOR DROUGHT RESILIENCY

THURSDAY, DECEMBER 16TH | 9AM - 11AM
ON ZOOM - REGISTER FOR THE LINK

* DPR and CCA Credits are pending for this workshop. Please put if you would like these credits in the registration (along with your DPR and CCA number) so we can help certify you.

About the workshop

The Madera-Chowchilla RCD, in collaboration with East Stanislaus RCD and East Merced RCD, are hosting a cover cropping workshop discussing key strategies for starting and managing cover crops on your farm system for water and soil conservation.

Topics include:

- soil health
- pest management
- water management
- implementation approaches
- programs and funding opportunities

PLEASE REGISTER HERE!
